

Psychodynamic Psychiatry
February 4, 2016

CALL FOR PAPERS

Psychodynamic Psychiatry, the Journal of the American Academy of Psychoanalysis and Dynamic Psychiatry (AAPDP), seeks original articles in the areas of psychodynamic psychotherapy assessment and treatment.

Psychodynamic Psychiatry is a peer-reviewed print journal with a bio-psycho-social-focus. Published by Guilford Press, it is indexed in Pub Med, Index Medicus/MEDLINE, PsychINFO, and a variety of other indices including Bell & Howell Information and Learning, Biological Abstracts, Digest of Neurology and Psychology, EMcare, and Scopus.

Further information is available on the journal's website: <http://guilfordjournals.com/loi/pdps>

Topics of particular interest to the editors include psychodynamic aspects of: Combined Psychopharmacological and Psychotherapeutic Treatment; Pain syndromes; Somatic symptom disorders; Patients with concomitant medical illnesses; Psychological care of persons with cancer; Patients Without Adequate Economic Resources; Homeless Patients; Patients With Psychoses and/or Mood Disorders; Patients With Personality Disorders; Patients who suffer from diverse traumata including Sexual Violence and/or Abuse, Intimate Partner Abuse, and War Trauma and Torture; Patients who are Immigrants and/or Refugees; Persons with Addictions and/or Eating Disorders; and Patients with difficulty adjusting to disabilities such as loss of vision and hearing.
